Product sheet

Element	Material
Structure	Headboard and footboard frame steel frame.
Headboard	Panels in polyurethane covered with smooth grain leather.
Bedframe	In solid deal dressed with smooth, softened leather.

Instructions for use

Use and maintenance

Follow these guidelines: do not stand on the borders, do not hang or swing and do not use the bed as a step-ladder. Do not carry out maintenance to the components, and contact the dealer for all requirements.

Care for the parts made out of steel

These parts may be cleaned with a light, neutral cleaner and must be immediately dried. Use only a soft cloth to avoid scratching the surfaces.

Care of the parts in hide leather

In order to keep the hide leather in good condition, dust it regularly with a soft, clean cloth. Once or twice a year, use the products contained in the "Ciacci Cleaning Kit" to protect and nourish it. Avoid using alcohol or other solvents which may corrode the hide.
