Structure	Frame in poplar plywood dressed with smooth, softened leather and removable fabric. 50x20 aluminium legs.
Details	Aluminium inserts in the headboard.

Instructions for use

Use and maintenance

Follow these guidelines: do not stand on the borders, do not hang or swing and do not use the bed as a step-ladder. Do not carry out maintenance to the components, and contact the dealer for all requirements.

Care of the parts in hide leather

In order to keep the hide leather in good condition, dust it regularly with a soft, clean cloth. Once or twice a year, use the products contained in the "Ciacci Cleaning Kit" to protect and nourish it. Avoid using alcohol or other solvents which may corrode the hide.

Care for the parts made out of fabric

Regular use of a vacuum cleaner is recommended. It is advisable to dry-clean with normal procedures. Do not use cleaning products which contain oxidisers or bleach. Protect the fabric with a cloth while it.
