Product sheet

Element	Material
Legs	Chromed steel.
Headboard and slat support	Aluminium treated with non-toxic oven-baked paint.
Headboard and bedframe	In pinewood covered with leather. The headboard panel can be without motif or with embroideries.

Instructions for use

Use and maintenance	Please follow these guidelines: do not stand, do not hang on and do not use the sofa like a ladder. Do not carry out maintenance to the components and contact the dealer for all requirements.
Maintenance for steel parts	These parts may be cleaned with a light neutral cleaner and must be immediately dried with a soft cloth. Do not use alcohol or solvents.
Maintenance for leather parts	For leather good maintenance, only dust the item with a soft cloth. We advise to use every 6 months the Ciacci cleaning kit for leather parts. Leather's feature can present a non-regular surface due to natural structure. The long exposure to the sun can alter colours.

Ecology	At the end of the use, do not disperse the item into the environment, but refer to local waste disposal.
