Chair L 60 P 55 H 78 H (seat) 45

Instructions for use

Use and maintenance

This product can be used in houses. Do not step onto the seat part; do not lean back on the legs; do not seat on the back rest. Do not carry out any maintenance on the structure and for all eventualities please contact retailer.

Care of the steel parts

These parts may be cleaned with a light, neutral cleaner and must be immediately dried. Do not use cleaning products which contain acetone, chloride or solvents, abrasive products or furniture wax. Use only a soft cloth to avoid scratching the surfaces.

Care of the leather parts

In order to keep the hide leather in good condition, dust it regularly with a soft, clean cloth. Once or twice a year, use the products contained in the "Ciacci Cleaning Kit" to be purchased in our shops. Avoid using alcohol or other solvents which may corrode the hide. Never use steam. Do not use shoes cleaning products. Avoid rubbing the surface to be treated, plug down starting from the sides to the centre of the spot. Any possible spot of the leather surface can be removed using a soft cloth or some damp cotton wool and delicate cleaning products as mild soap and cleansing milk. Any possible surface imperfection is a natural leather characteristic (authenticity of the material). If it is directly exposed to sunligh, colour may be altered.
